

Charter Standard Development Club  
Hertfordshire FA Grassroots Club of the Year 2020

## Additional Information for Coaches / Volunteers as of 28/09/2020

This is a brief summary of the recent changes that have been implemented further to the current pandemic of Covid19. The full guidance is attached and it includes the new risk assessment. This has been completed with generic BRFC information. We would still require you to do your normal Risk Assessments, but this now includes some Covid19 specific lines. Please make sure you complete this to satisfy yourself that you have limited all risks possible.

The information below is not exhaustive, so do use the attached guidance for full info and in particular, [Page 10](#), but a useful 'quick' check

### General

- Ensure you clean your equipment after each game
- Limit sharing of equipment
- Still socially distance your training if possible
- Wash hands before (during) and after training

### Before each game

- Coaches should check that each participant completed the self-screen check list before attending and if so, if the self-screen checks were negative for all participants.
- If they answer 'yes' to one or more of the questions, participants must not take part in the activity and should be told to safely return home.
- If a player gets injured, a member of their household or support bubble, can aid them if for example they are watching from their car, but others will still need to socially distance unless a life threatening, or serious injury necessitates compromising guidelines to provide emergency care.

(please note, all of this information is within the Parents Guide which has been sent to all parents)

### You will need to keep a record of who attends training and matches using track and trace where provided.

- You will need a Covid officer per team/match at home
- We suggest that this is the match day delegate but appreciate you may want to share this role
- It is the **home team's responsibility** to ensure that track and trace has been collected.
- **Parents MUST** track and trace at any venue for training. This is mandatory for all of our venues. Comms will be going out to parents but failure to do so may result in BRFC asking the child not to play.
